Your Impact

It's important you know where your dollars have gone and the incredible impact those dollars have made (and will continue to make) over the years. Our sponsors have quite literally changed learning in Ball-Chatham Schools.

This School Year BCEF has already Granted over \$82,000

- » **Win Grants for teachers and staff for materials, over and above what is provided by BCSD**
- » **Beyond the Walls Grants for activities outside of the classroom**
- » **Lego League for After School Programs (all buildings)**
- » **STEAM Labs and Lab Outfitting District Wide**
 - Glowforge printer and supplies
 - Vex 123 robots
 - 3D Printers and supplies
 - Fully functioning labs within the schools where students innovate, create and explore STEAM areas in depth.
 - Needed supplies for labs throughout the district
- » **STEAM Curriculum in Action**
 - Robot Coding
 - 3D Design & Printing
 - Drone Coding
 - Lego League
 - Fuse Curriculum
 - Innovative Spaces

"The Ball-Chatham School District values the continuous support of the Ball-Chatham Education Foundation. The strong partnership between the District and the Foundation provides our students with meaningful ways to thrive by supporting our students' exposure to emerging technologies that will be at the forefront of the jobs of tomorrow. BCEF support helps us broaden our students' access to and exposure to the computer science standards necessary for our students to meet the ever-changing technological landscape found in all areas of post-high school opportunities. BCEF's support for the coming year will help add technology opportunities to our fine art and computer science programming to meet the requirements of Public Act 101-0654," Dr. Becca Lamon, Superintendent.

BCEF programs, services and facilities funded with monies raised from Annual BCEF Sponsorships, Iron Chef and Backyard Bash will touch every single student every single year from their first day in the district to their last.
